

# Gurria

**Aim of the game:** Every player is provided with a stick. 2 circles are painted on the floor, 1 small within a bigger one. 1 defender is positioned on the small circle, the other players around the bigger circle. They should strike the ball with their stick to try to cross the small circle. The defender should avoid it.

**Set up:** This game can take place in an indoor or outdoor area. Simply draw two circles on the floor.

## Basic rules:

1 defender is positioned on the small circle, the other players attack around the bigger circle. They should strike the ball with their stick to try to cross the small circle. The defender should avoid it with his stick. The player whose ball crosses the circle will be the next defender. The winner of game is the player whose balls cross most the circle.

## Variations and other rules to play:

The circle and the balls can vary in size. The defender may be only allowed to have the stick in a vertical position. Due to the skill of the player in attack you can place two defenders in the small circle. You can also change the player who defends after 10 tries or touches hitting the ball.

Moreover you can play with simultaneous with 2 or 3 balls.

**Equipment and Materials:** 1 stick per player and 1 or various balls (tennis size).

**Age:**  
6+

**Number of players:**  
1 defender against, at least, 3  
attackers

**Duration:**  
Unlimited

## Let's Inklusivize TSG!

### Teaching Style

1. Provide clear and simple instructions
2. Practice games before introducing scoring
3. Encourage players to communicate throughout the game
4. Develop strategy to improve the attack
5. Safety instructions to be tailored to the environment and participants playing the game

### Equipment

1. Brightly colored equipment can be used
2. Audible equipment can be used
3. Increase/decrease the size of the ball(s)

### Rules

1. Use more or less balls
2. Use the basic rules before starting to count the points
3. Increase/decrease the number of players
4. Allow/forbid the defender to use his stick in a horizontal position, which is easier

### Environment

1. Increase/decrease the distance between the circles
2. Increase/decrease the size of the small circle
3. Ensure the playing area has a smooth surface and is free of obstacles
